I have already made good progress Capt. and Mrs Hunt Mr J. G. Wright in arrangements with some European Mr MacLean publishers to bring it out in Europe, the United States, and the colonies. '- Do you expect a large sale? "I think my name will be sufficient to ensure not only a large but an upprecedented sale. I am ordering 2,000,000 for England, the same number On London for the colonies, and 1,000,000 for the United States. No book that was ever published will have been such a success. shall soll it at two guiness a copy, and as it will only cost me half a drown, plus another half-crown for booksellers' commission. I shall make a profit of over £8,000,000 on the first edition. - And what will you do with all that money?'-What shall I do with it? The first thing I shall do will be to pay a composition of twenty per cent to all who have been involved in less by the fallure of the Liberator group. This, I calculate, will absorb £1.300,000, and will be sufficient to bring about an entire change of sentiment with regard to me at home. I shall take siventage of this to return to London where it is my intention to re-establish al the societies comprising the Liberator shareholder. This will at once put a stop could hardly be expected to prosecute myself, and, what is more, I shall have no more parsons and widows snarling at me. The plan is a large one, but I am confident

of my ability to carry it out."
